

## **Defence and Security Media Advisory Committee**

### **Website Accessibility – Note for the File**

1. The DSMA secretariat improved the accessibility of the DSMA Committee's website ([www.dsma.uk](http://www.dsma.uk)) in September 2020 by making amendments to meet the Web Content Accessibility (WCAG) 2.1 AA standard.
2. In addition to a number of essential adjustments to meet these accessibility standards, the minutes of meetings since 2008 have been amended by reordering the title and file information to ensure that the documents are accessible. There are no other material changes to the documents. These amended, accessible documents were published on the dsma website before 23 September 2020.
3. The original documents which did not meet the WCAG 2.1 AA standard are held on file. Copies of these are available and can be requested from the DSMA secretariat.

GCW Dodds  
Brigadier (Retired)  
Secretary  
DSMA Committee
